PROFESSIONAL SUMMARY

B.Tech Computer Science and Engineering student with working knowledge of SQL, Power BI, Excel and Python, applied through hands-on data analysis and dashboard projects. Interested in data analytics and eager to learn and solve data-related problems in an entry-level Data Analyst role.

EDUCATION

B.Tech, Computer Science and Engineering — RIMT University, Punjab *Aug 2023 – 2027 (Pursuing)*
CGPA: 7.5

TECHNICAL SKILLS

- **Data Analysis:** SQL, MySQL, Excel (Pivot Tables, Pivot Charts, Slicers, Conditional Formatting), Python
- **Visualization & Reporting:** Power BI (Dashboards, Slicers, Filters), Power Query (Beginner), Data Cleaning, Data Visualization
- **Foundations:** DBMS, Data Structures, Git, GitHub
- **Web:** HTML, CSS, JavaScript

PROJECTS

Call Center Performance Dashboard — Excel *5 Jun 2026*

- Built an interactive Excel dashboard to analyze call trends, revenue, call duration and customer ratings.
- Analyzed representative and regional performance to identify patterns in call center data.
- Designed the dashboard using interactive visualizations and filters for easier data exploration.

Tech: Microsoft Excel

Zepto SQL Data Analysis Project *1 Aug 2026*

- Analyzed Zepto product data using SQL to explore pricing, discounts, inventory and category-level trends.
- Cleaned and prepared the dataset and wrote SQL queries to answer business-oriented questions and compare product performance.
- Identified insights related to discounts, out-of-stock products, category-level pricing and price-per-gram comparisons.

Tech: SQL, MySQL, Git/GitHub

Sales Report — Power BI *19 Aug 2026*

- Built an interactive Power BI dashboard to analyze sales, profit, product and regional performance.
- Created visual reports and KPIs to present sales information in a clear and easy-to-understand format.
- Used interactive filters and slicers to explore sales performance across different categories and regions.

Tech: Power BI

INTERNSHIP EXPERIENCE

Web Development Intern — Ansh Infotech *Jun 2025 – Jul 2025*

- Debugged HTML, CSS and JavaScript issues on frontend pages under senior developer guidance.
- Worked on frontend UI consistency and responsive design.
- Used Git for version control and collaborated with team members.

CERTIFICATIONS

- **GenAI Powered Data Analytics Job Simulation** — Tata (via Forage)
- **Data Analytics Job Simulation** — Deloitte Australia (via Forage)

ACHIEVEMENTS

- **Top 5 Finish** — Vibe Coding Hackathon, Gulzar Group of Institutes
- **Top 10% of 12,000 Participants** — OpenAI Codex Hackathon
- **Frontend Battle** — IIT Bhubaneswar
- **Solved 100+ LeetCode Database (SQL) problems**
